Academy of Neurologic Communication  
Disorders and Sciences

The annual scientific meeting of the Academy of Neurologic Communication Disorders and Sciences (ANCDS) is coming November 20 in Orlando, and we invite you to participate through sponsorship of our meeting, or student fellowship awards. The annual meeting attracts up to 150 researchers, faculty, clinicians and students from a variety of fields dedicated to the clinical management of neurologic communication disorders such as aphasia, apraxia and dysarthria resulting from stroke, traumatic brain injury, or other diseases affecting neurological function.

Our mission is to offer an **affordable educational meeting for anyone with a clinical and/or research interest in neurologic communication disorders**. To accomplish this goal we are seeking sponsorships from ANCDS members, individuals and companies that provide goods and/or services associated with the clinical management of neurologic communication impairments.

We ask you to consider partnering with ANCDS to help provide relevant continuing education at a reasonable price, and to advance the professional goals of our members. Your sponsorship is greatly appreciated and will be recognized as noted below. There are no limits for the number of sponsors at each level.

**These are the exciting sponsorship opportunities available for the 2019 meeting:**
